

ELSICO SINCE '87

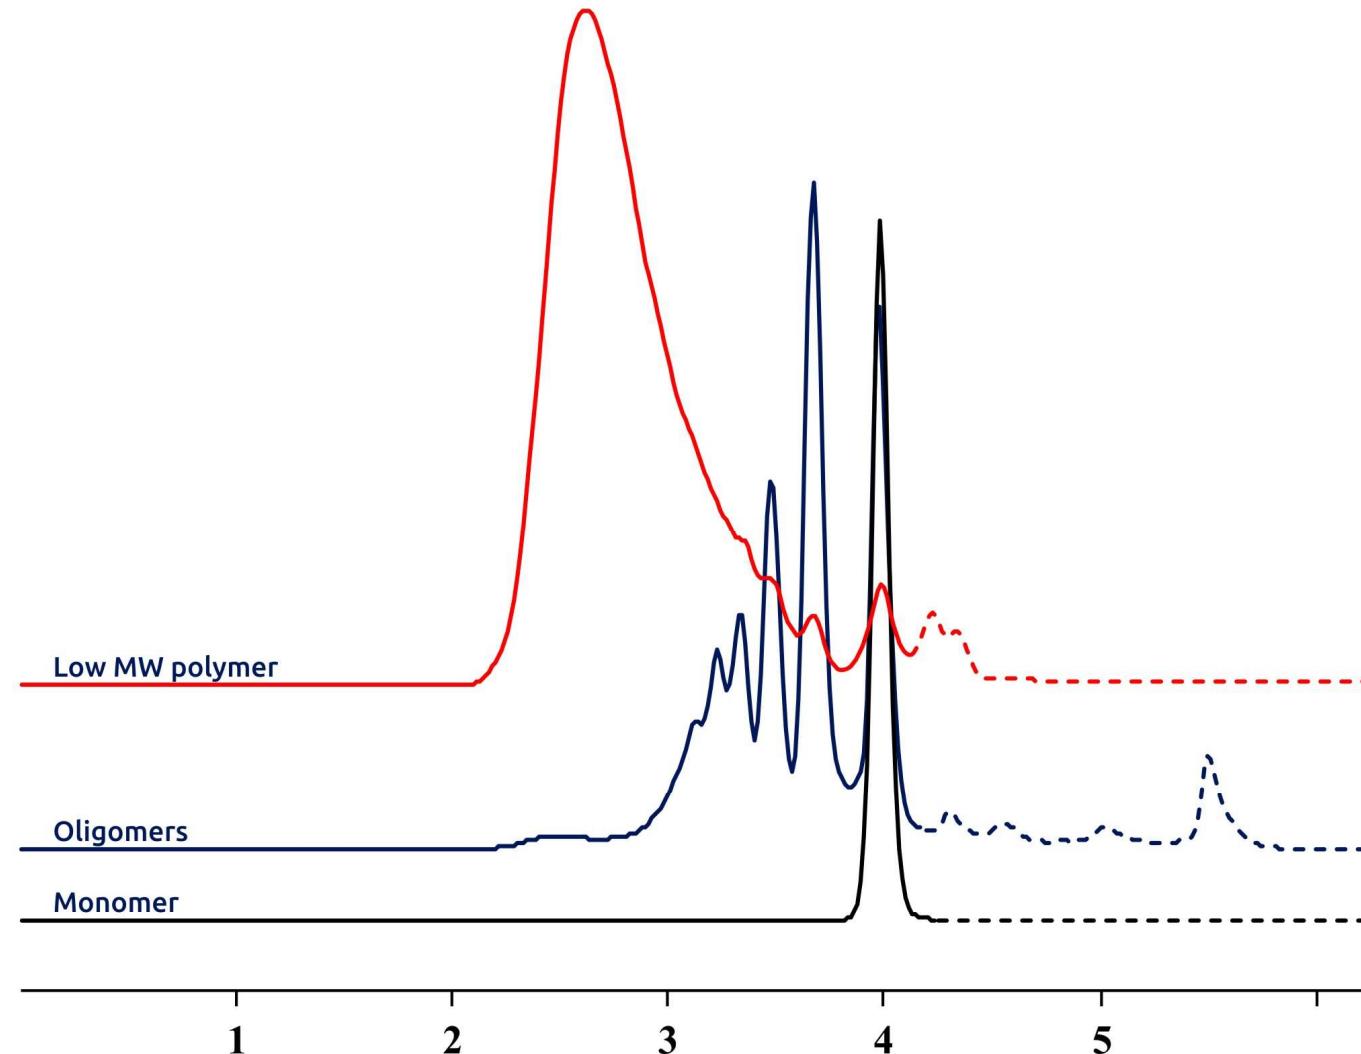

**HPLC  
APPLICATIONS  
FOR  
INDUSTRY**

**ELSICO. BEAUTY IN SEPARATION**

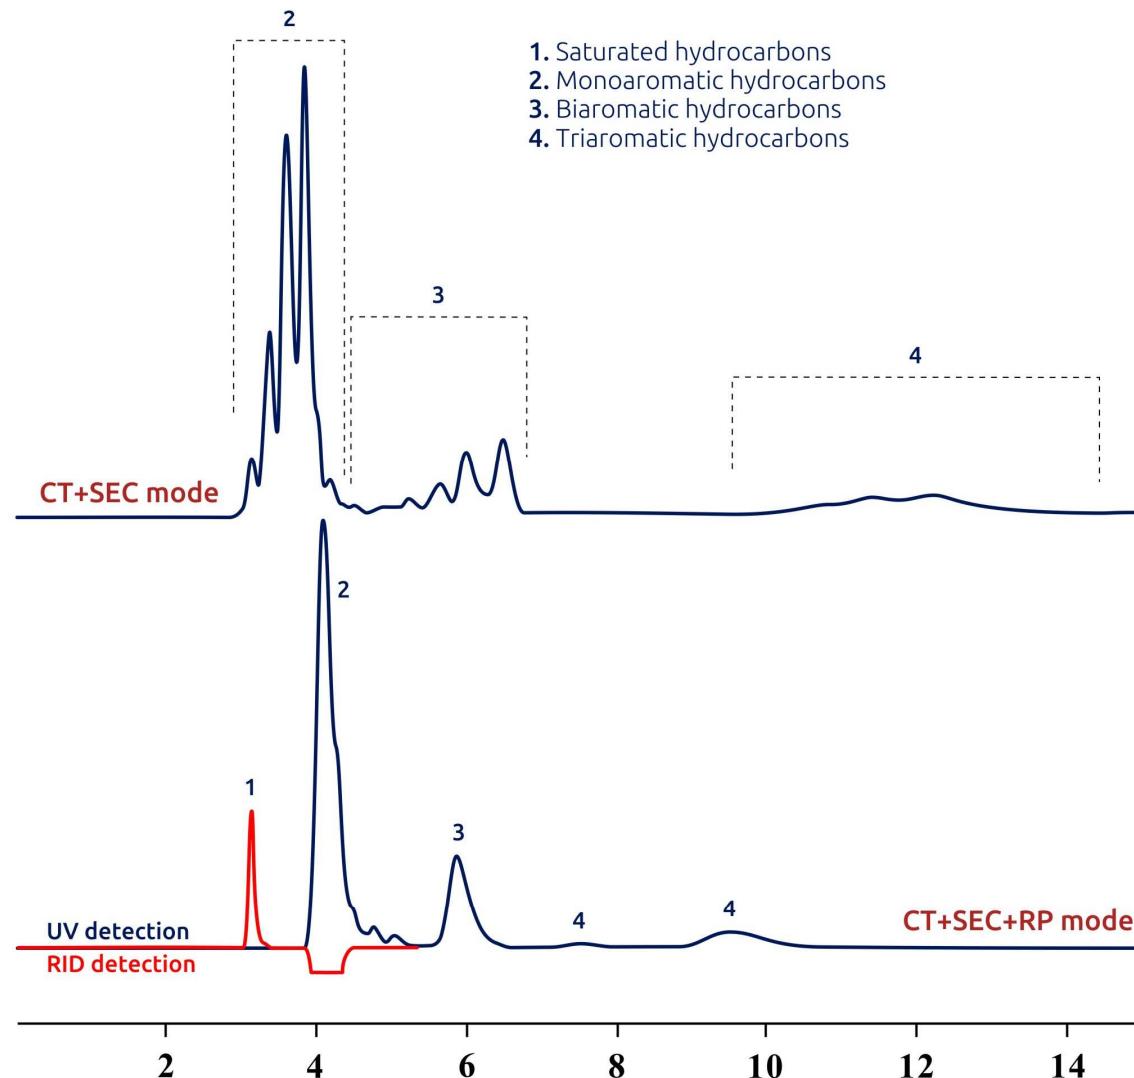

## HPLC separation of Pentaerythritol and its impurities in RP and SEC/RP modes

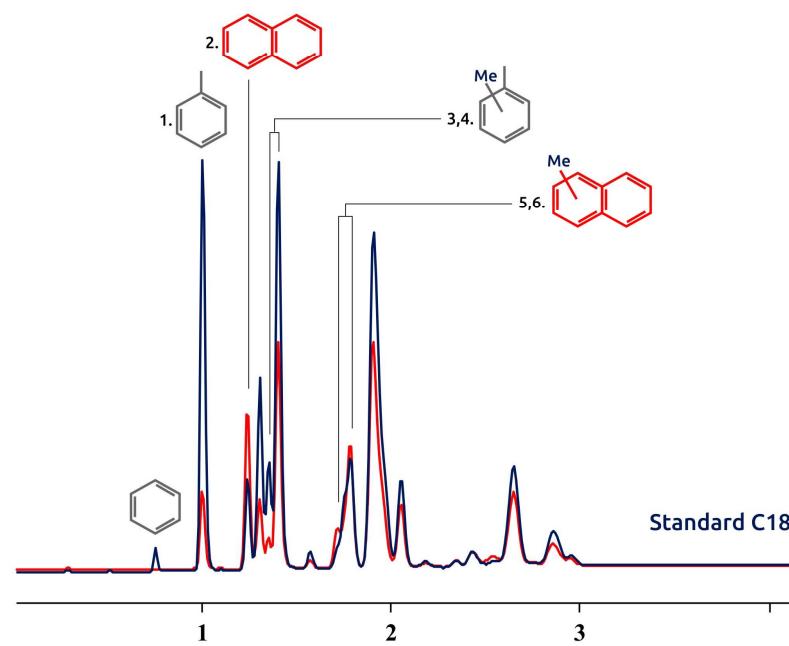

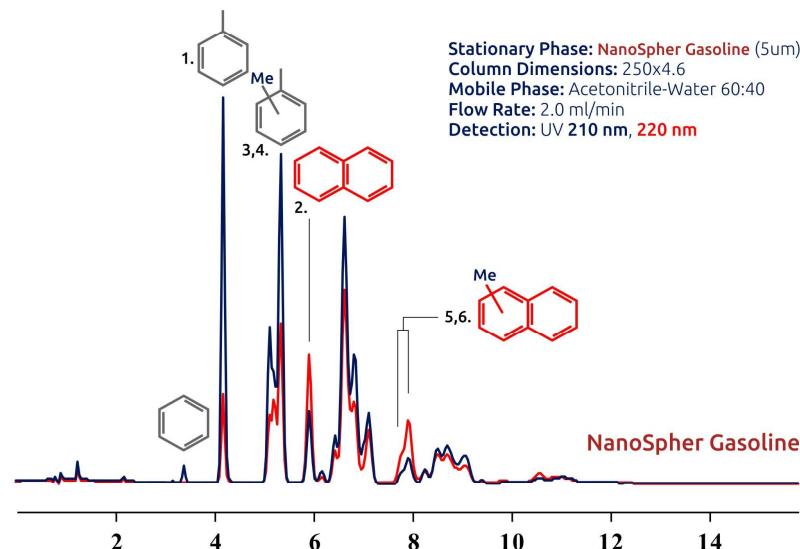

## HPLC SEC separation of low molecular mass poly(butyl lactates)

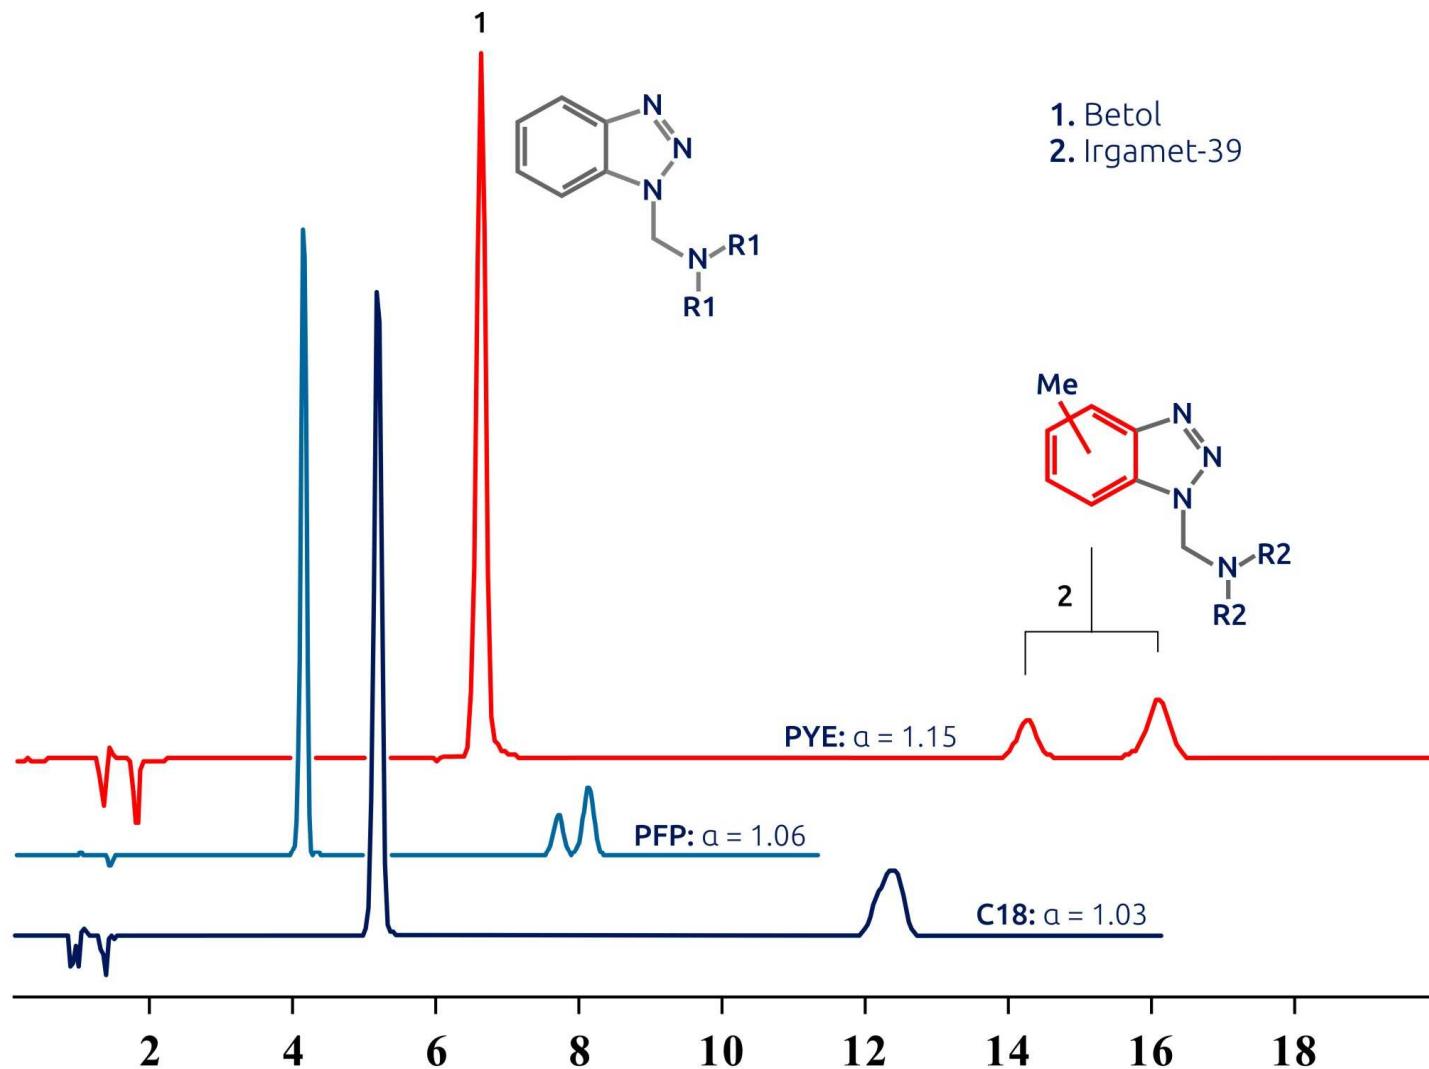

## Group separation of petroleum hydrocarbons in mixed CT+SEC+RP mode

HPLC separation of petroleum aromatic hydrocarbons on NanoSpher Gasoline

## Separation of Betol and Irgamet-39 Oil Additives on Different HPLC Packings

## **Development of new HPLC methods Improvement of older HPLC methods**

You pay for ready-to-use applications  
Targeted applications  
Isocratic elution  
Standard detectors (UV, FLD, RID)  
LC modes: RP, HILIC, IC, NP, SEC  
Mixed LC modes: RP/HILIC, RP/IC, RP/CT

## **Corporate HPLC courses**

Tunable schedule and list of topics  
Levels from starter to proficiency  
Solving problems on-line  
Developing HPLC methods on-line
